

Notice for Neighbours of Bell McKinnon Road

The Cowichan District Hospital redevelopment team will be conducting minor activity at the proposed hospital site on Bell McKinnon Road between October 22-November 22, 2018.

These early visits are being conducted to gather details about the site to support the business plan to replace Cowichan District Hospital. Traffic flow will not be interrupted.

On site activities will include:

- Land surveying to establish property lines and distinctive land features
- Testing and analysis of underground soil conditions using a mobile drill (minimal noise during normal business hours, Nov. 13-15)
- Limited vegetation removal to allow the mobile equipment to access the property

Public information sessions are being planned.

Please email newcdh@viha.ca to submit questions, provide feedback, or receive project updates by email.
