GENERAL HEALTH STATUS

I	M	I٨	ЛI	IN	JI	7	Δ.	ΤI	a	N	S

- Island Health recommends all volunteers have a Tetanus and Diphtheria (Td) Vaccine every 10 years. If it has been more than 10 years since your last Td booster it is recommended you do so.
- Measles, Mumps, Rubella (MMR) Vaccine is recommended for all volunteers. For all individuals born after January 1, 1970, two doses of measles-containing vaccine (given as MMR in Canada) are recommended. Individuals born before 1970 are generally assumed to have acquired immunity to measles from natural infection.
- Varicella (chickenpox) vaccine is recommended for all volunteers. Those with a history of chicken pox disease before 2004 are presumed to be immune and do not need vaccination.
- Pertussis-containing vaccine is recommended for volunteers working with young children/infants/pregnant women. This vaccine is included in a combined tetanus-diphtheria-pertussis vaccine (Tdap) for adults and older children.

FLU POLICY			
Please note that Island Health's Influenz influenza during onsite clinics (held in th family physicians. If volunteers choose March 31 annually.	e fall) or through other sources of	vaccine such as Public Health	Units, pharmacies or

VOLUNTEER RESOURCES -

STATEMENT OF UNDERSTANDING

Please read these next two pages carefully. Your signature at the end indicates you have read, understand and agree to each of the following statements.
I, agree to serve as an Island Health Volunteer, and attend regularly and perform my volunteer service to the best of my ability and according to the guidelines provided by Island Health Department of Volunteer Resources. I will meet the time commitments, or provide adequate notice so that alternative arrangements can be made. I will act at all times as a contributing member of the health care team towards accomplishing the mission of Island Health.
PERMISSION TO PERFORM A BACKGROUND CHECK
I give permission for the VIHA Volunteer Resources Departments to perform a check of my background, which may include:
 criminal record check, including a vulnerable sector check
driving record The state of the state
 past employment and/or volunteer history personal references
• other persons or sources as is appropriate for the volunteer service(s) in which I have expressed an interest
I understand that information collected during this background check will be limited to that which is appropriate to determining my suitability for the particular types of volunteer service in which I will be involved. I understand that all information collected during the check will be kept confidential. PERMISSION TO TAKE PHOTOGRAPHS AND TO STORE REGISTRATION or PERSONAL INFORMATION
ELECTRONICALLY
I understand that:
 Information collected through registration will be stored electronically and used for management functions by the Volunteer Resources and/or Spiritual Care and/or Auxiliary Departments within Island Health
 All Island Health volunteers will be required to have official Island Health photo identification
 From time to time, pictures may be taken for publicity and display purposes (examples below):
* Displays * Videos * Local Community Newspapers
* Volunteer Resources or Island Health Websites * VIHA publications

REQUESTS FOR REFERENCE

Educational institutions and employers recognize the value of volunteer experiences.

I understand that the Freedom of Information and Privacy Protection Act prohibits Island Health from giving references without my written approval. I hereby give permission to Island Health's Volunteer Resources Departments to provide references, written and verbal, related to my volunteer service. I understand that a reference may only be provided after 60 hours of volunteer service and/or at the discretion of the site's Manager, Volunteer Resources.

INFECTION CONTROL RISKS

I understand that as a volunteer with Island Health there are risks associated with being in a facility and on a unit or ward. As I will be volunteering in a health care setting, these risks include possible exposure to communicable diseases. I will be aware of these risks and as a volunteer keep updated on training and safety procedures that could impact my position. I am aware that I might be asked to have additional testing (e.g. TB) if it is warranted, and vaccinations, (e.g.: Influenza Virus) in order to carry out my duties as a volunteer safely. If I am unsure of a potential risk, I will ask my Manager for clarification.

EDUCATION

You will be required to take courses that are part of Island Health's on-line Learning Management System (LMS) available to volunteers as well as staff. When you use the Course Catalogue Registration System (CCRS) within LMS, Island Health/VCH/PHC/FHA* collects personal information about you, such as your education profile, the date and time you accessed the system and also your grades for any quiz or other assessment. Course managers and your direct supervisor may access your user history to confirm that you achieved a passing grade on any course offered through CCRS. Your personal information is collected and used for the purposes of managing educational opportunities and requirements for your affiliation with Island Health/VCH/PHC/FHA. Island Health/VCH/PHC/FHA collects, uses and shares personal information only in accordance with the BC Freedom of Information and Protection of Privacy Act.

* VCH = Vancouver Coastal Health; PHC = Providence Health Care; FHA = Fraser Health Authority
