The P.A.R.T.Y. Program (Prevent Alcohol & Risk Related Trauma in Youth) – which allows grade 10 students to visit several of our sites to learn about real life trauma from those who witness it first-hand – recently received a generous donation from the TELUS Victoria Community Board. The $20,000 donation will go a long way in helping us keep youth safe throughout Vancouver Island!

The aim of the program is to educate teens to the perils of risk-taking behavior and the tragic consequences that may occur.

If you are interested in making a difference in your community-volunteer with the P.A.R.T.Y. Program at Victoria General Hospital or Cowichan District Hospital! Please contact Amelia Smit, Injury & Violence Prevention Consultant, P.A.R.T.Y. Program Coordinator for South Island at PARTY_SI@viha.ca.
