

# IMAGINE YOUR LIFE'S WORK IN OUR PIECE OF PARADISE

Vancouver Island, B.C.

## Respiratory Therapy - Breathing Life

### Our Teams

Our dedicated respiratory therapists work to their full scope in a range of clinical settings providing the highest level of patient-centered care. They enjoy a high degree of independence and responsibility in terms of new and evolving therapies. Therapists can expect to work in a supportive inter-professional environment alongside physicians, nurses, physiotherapists and other allied health care professionals.

In addition to working for one of Vancouver Island's largest employers with great employer-paid benefits and competitive salary, we offer opportunities for career advancement, continuing education, advanced certification and a wide variety of clinical experiences.

### Practice Settings

Within our hospitals, the therapists work in a wide variety of areas such as:

- Adult, pediatric and neonatal intensive care units
- Coronary care unit
- Cardiovascular Surgical Intensive Care Unit (CSICU)
- Emergency departments
- Home Oxygen
- Inpatient respiratory care unit
- Medical, surgical and cardiac inpatient units
- Neurosurgical/trauma centre
- Operating Room
