

Purpose and Goals:

The purpose of this engagement is to partner with a patient partner to bring lived experience into the Electronic Health Record & Health Informatics Cross Continuum Committee (EHR HI CCC).

The committee supports shared decision-making related to health information systems, clinical standards, and quality improvement across Island Health.

The goal is to ensure that decisions related to EHR changes, workflows, and system improvements are informed by the patient perspective, helping to strengthen person-centred care, quality, and safety. Patient partners contribute their experiences and insights to support meaningful discussion and decision-making alongside clinical, operational, and technical members.

Opportunity for Involvement:

Participate as a member of the Electronic Health Record & Health Informatics Cross Continuum Committee, providing a patient and family perspective on health information systems, clinical standards, workflows, and quality improvement initiatives. The patient partner will contribute to committee discussions and shared decision-making regarding EHR-related changes and improvements.

Meetings are held on the **first Tuesday of each month from 2:00 p.m. to 3:00 p.m.**, with an additional **30-minute preparation meeting one week prior** to review presentation materials and agenda items with the Committee Chairs.

Level of Engagement:

Collaborate

Expected Commitment Length:

Two years (Starting October 6, 2026, to September of 2028).

First Tuesday of each month from 2:00 p.m. to 3:00 p.m., with an additional 30-minute preparation meeting one week prior to review presentation materials
