Invitation to Join the Five Days in May 2023 Advisory Committee

Five Days in May 2023 is a provincial research showcase series hosted across four regional health authorities in BC (Island Health, Interior Health, Fraser Health, and Northern Health). This online event brings together researchers, students, patients, healthcare providers, decision-makers and the public to learn, share ideas, and spark innovation. The series will take place over five Tuesdays in May 2023 (May 2nd, 9th, 16th, 23rd, 30th).

More information on past 5 Days in May can be found online: [Five Days in May | Island Health](#)

The Five Days in May 2023 planning team invites 3-5 patient and community partners to join an Advisory Committee that will help to guide this year's events.

Time commitment:

- Advisory Committee members would meet online via Zoom, 2-3 times between January and April 2023, for one hour per meeting (total commitment: 2-3 hours).

Activities:

- Advisory Committee members will provide feedback and input to ensure the proposed content and format is relevant to patients and the public, and discuss ideas around engagement and networking opportunities for participants.

Compensation:

- Honorariums are available for interested members of the Advisory Committee in recognition of their time.

Contact:

- To learn more or express interest in joining the committee, please contact Alia Januwalla (BC SUPPORT Unit Fraser Centre) at alia.januwalla@fraserhealth.ca.
