

# COMMUNITY HEALTH SERVICES

## Enabling at-home independence

**We provide a variety of supportive services to enable individuals with health-related problems to remain independent in their own homes, including:**

- nursing
- rehabilitation
- nutrition
- social work
- respiratory therapy
- community virtual care
- palliative, end of life care
- non-clinical home support

These services do not require a primary care provider referral. So, if you think you may need support from Community Health Services call the *General Enquiries Line*\* for your region:
