

Downloading MAC Desktop App

Information for healthcare professionals

Purpose:	To provide guidance on how to download the BC Virtual Visit desktop app for personal MAC computers or laptops.
-----------------	--

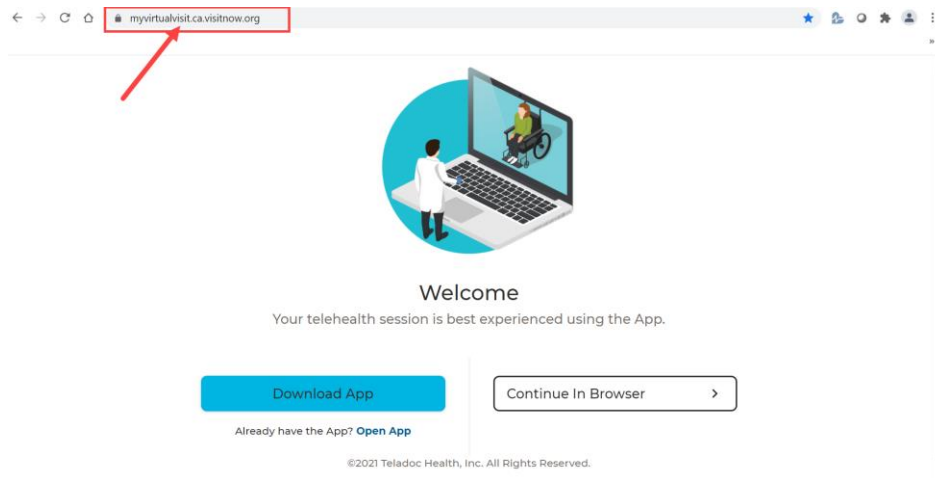

NOTE: If you are working remotely from a personal device and are actively using a remote Citrix connection to access Powerchart or other Citrix applications, PLEASE ensure that you do not use Chrome within Citrix to launch BC Virtual Visit.

Please download the BC Virtual Visit desktop app following the steps below, or use a supported browser outside the Citrix connection to ensure optimum performance.

Launch Gateway if required to access other resources such as email, PowerChart etc.

Step 1: Enter your login URL into a supported browser, such as Chrome, Firefox or Edge. The two URLs below represent the BC Virtual Visit test and production environments. In this example, enter the production URL into your browser as shown in the image below, and you will be redirected to a page for downloading the desktop app:

- **Test:** myvirtualvisit-testing.ca.visitnow.org
- **Production:** myvirtualvisit.ca.visitnow.org

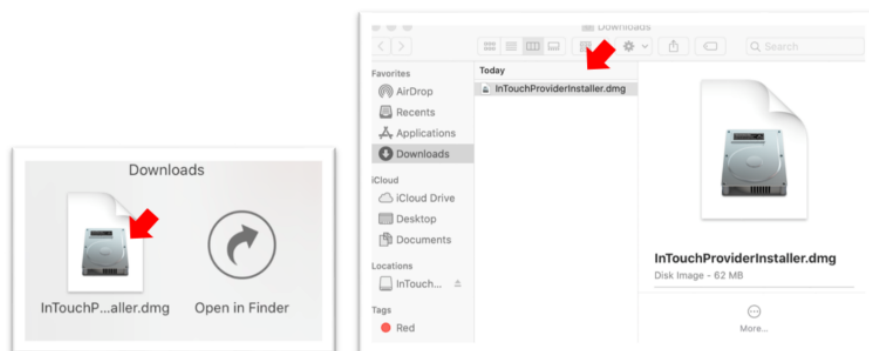

Step 2: Click the **Download App** button. This will initiate the downloading of the InTouch Provider Desktop Application on to your device’s hard drive

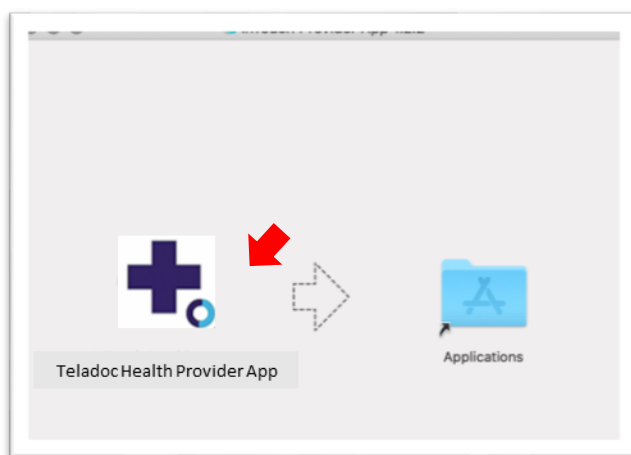

Step 3: Click on the **Download icon** located on your device’s dock OR open the **Download folder** to locate the DMG file. Click the **DMG** file.

www.islandhealth.ca/bcvirtualvisit

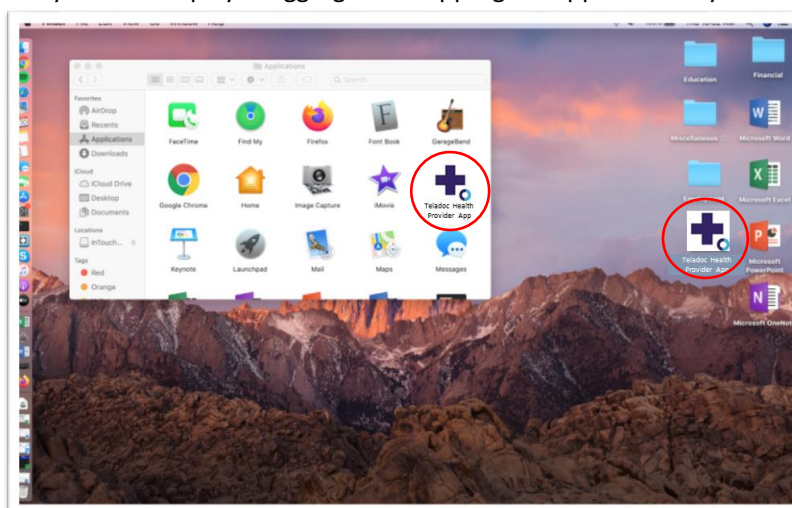

Technical Support: BC Service Desk and Clinical Service Desk x18777 or 250-370-8777 (Local Victoria) or 877-563-3152 (Toll Free)

Step 4. Drag and drop the InTouch Provider App icon into the Applications folder to initiate installation

Step 5. Once installation is complete, locate the Teladoc Health Provider App in your Applications folder. Save it as a shortcut on your Desktop by dragging and dropping the app icon into your Desktop folder

www.islandhealth.ca/bcvirtualvisit

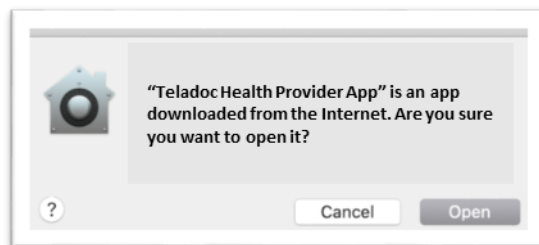

Technical Support: BC Service Desk and Clinical Service Desk x18777 or 250-370-8777 (Local Victoria) or 877-563-3152 (Toll Free)

Logging into the BC Virtual Visit Teladoc Health Provider Desktop Application

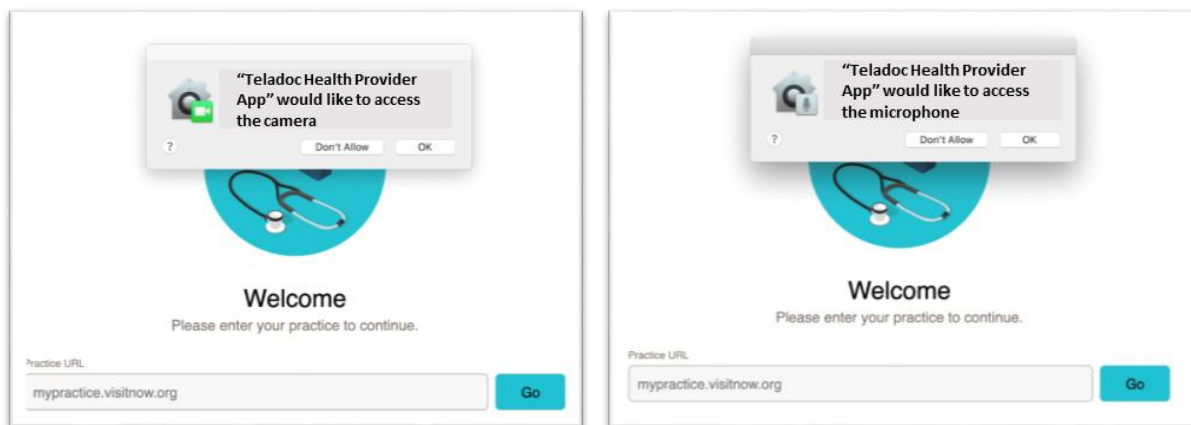

Step 1: Click the **Teladoc Health Provider App icon** from your Applications folder or Desktop to open the application

Step 2: Click **Open**

Step 3: Allow the application to access your device’s camera and microphone

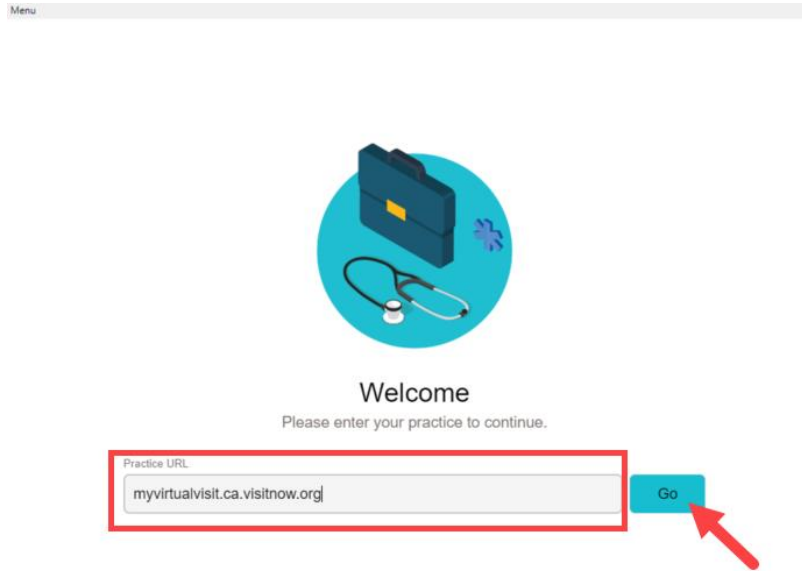

Step 4: If it is your first time using the app, enter your practice URL (**myvirtualvisit.ca.visitnow.org**). If it is not, URLs you have accessed previously accessed will show in the dropdown list.

Tap **Go**

www.islandhealth.ca/bcvirtualvisit

Technical Support: BC Service Desk and Clinical Service Desk x18777 or 250-370-8777 (Local Victoria) or 877-563-3152 (Toll Free)

Step 5: Enter your **username** (email) and **password**.

Click **Sign In**

NOTE: If this is your first time logging in, you will be required to complete a password reset by clicking **Reset It** as shown on the image below. You will receive a password reset email prompting you to change your password. If you receive a browser incompatible error, copy and paste the link in the email into a supported browser, such as Chrome, Firefox or Safari.
